Building a Fully Connected, Intelligent World

🎯 We cordially invite you to join us at the APAC flagship event of the year, 2020 Huawei APAC Smart PV for Future Virtual Summit on August 18, 2020. With the solar energy industry continues to digitalize with AI and many key technologies, solar industry experts will be gathered at this summit to discuss future trends in the PV market, and exchange valuable insights and experiences in the Asia Pacific region. There's never been a more crucial time for the PV industry community to come together and address not merely just surviving, but more thriving in the digitalized PV world.

## Agenda

- 🎯 Global PV market 2020H1 and Trends due to COVID-19
- 🎯 How AI Drives a Fully Connected Smart Solar Plant
- 🎯 Driven Hybrid Firm with AI
- 🎯 Digitalization in the Solar PV Industry
- 🎯 Huawei FusionSolar Smart PV Solution Updated Virtual Tour
- 🎯 **Panel Discussion**
  - ❑ How to Achieve Better LCOE for Solar Project
  - ❑ Future Technical Trend and Device Selection
  - ❑ AI Application in Solar Industry

## Speakers

IHS Markit

**Sam Wilkinson**  
Director –  
Clean Technology  
& Renewables  
IHS Markit

sembcorp

**Jen Tan**  
Senior Vice President,  
Head of Solar  
(Singapore & SEA)  
Sembcorp Industries

EGAT

**Chatchai Mawong**  
Director, Hydro and  
Renewable Energy  
Power Plant Development Division  
Electricity Generating  
Authority of Thailand

DNV-GL

**Evan Woolard**  
Head of Section, Solar  
DNV GL - Energy

fortum

**Sanjay Aggarwal**  
Managing Director  
& Global Head of Solar  
Fortum India

suntrace

**Kanin Silpa-Archa**  
Head of Business Development  
South East Asia  
Suntrace  
(Member of Dornier Group)

HUAWEI

**Steve Zheng**  
CTO of APAC  
Huawei
